Our Home

St Stephens Care Home is a warm, welcoming and friendly care home, providing specialist nursing care for up to 40 older people and people living with dementia.

Everyone is able to enjoy their own comfortable and spacious bedroom which we encourage you to personalise by bringing small items from home.

Our home has some wonderful spaces for you to relax in and enjoy the company of your friends and family, as well as a large accessible garden so that everyone can enjoy activities outdoors.

A Person Centred Approach

We are committed to providing personalised care and support that encourages residents to lead full, happy and active lives.

All colleagues receive specialist training and mentoring and really get to know the residents. To achieve this we spend time understanding your life story and everything that's important to you, so we can focus on the things that really matter to you most.

Activities

At St Stephens Care Home we run an extensive activity programme and support people to enjoy days out in the local community.

By getting to know residents we are able to offer activities that meet their different passions and interests.

Everyone enjoys fun one-to-one and group activities, such as art and crafts, reminiscence sessions, quizzes, games nights and sing-a-longs, as well as performances from local entertainers.
